

TRINEESHIP POSITIONS AVAILABLE

Disciplinary area	Internship ID	Main reference company/institution/agency	Location and Contacts	Duration	Term	Institutional tutor	Language and ICT proficiency level required	Training activities
Medicine and Surgery	UNI 1	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	School of Medicine Infectious Diseases Unit Via De Nicola 1 - 07100 Sassari	03 months (extensible)	From September till December From February till May	Dott. Giordano Maledu Department of Clinical and Experimental Medicine UOC Infectious Diseases	Prof. Maria Stella Mura Dipartimento di Medicina Clinica e Sperimentale: msmura@uniss.it * Only PG Medicine and Surgery students may apply. * Language skills: B1 level in English + B1 level in Italian	Recognition of Infectious Diseases - Knowledge of the main topics of clinical infectious diseases and their medical treatment - Participation in training seminars and clinical case challenges. Main tasks: Inpatients - Take part in clinical ward activities including medical history collection, physical examination, instrumental work-up and diagnostic process outpatients - Management HIV, HCV, HBV and co-infected patients with the supervision of an experienced Infectious Diseases specialist. - Participation as observed in all stages of Clinical Trials including informed consent, enrollment and follow up. - Participation in research and diagnostic laboratory activities including serology and molecular biology - Regular assessment of progresses made by the tutor
Educational Sciences	UNI 2	University of Sassari www.uniss.it Department of History, Sciences Address: Via Zanfarino 62, Sassari Tel: +39 079 229698 Fax: +39 079 229603 Mail: mgmelis@uniss.it	Comunità alloggio Il Sogno Address: via De Martini, 18 – 07040, Li Puntis, Sassari Mail: alsogno@libero.it http://www.cooperativailsogno.org/	03 months (extensible)	From September till December From February till April	Marco Pondi	* Only UG/PG Educational Sciences students may apply * Language skills: B1 in Italian * Computer skills: Working knowledge of basic software packages	Meeting with the managers of hosting facility. Initial observation and organization of the training activity. Intermediate meeting with the scientific tutor. Preparation of final report. Animation, sharing of the educational goals with the tutors appointed by the hosting institution. The trainee will be supported by an in-house tutor and a scientific advisor appointed by the University. The trainee will perform all the work activities agreed upon, according to the ordinary daily schedule set by the hosting institution. Know-how and skills expected to be acquired: Operational proficiency in contexts related to the education of children and adolescents. Development of powers of observation and socio-educational and cultural support capabilities in managing difficult subjects.
Medicine and Surgery	UNI 7	School of Medicine University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	Unit of Pharmacology Address: Viale San Pietro 43/b, 07100 SASSARI	03 months (extensible)	From September till December From February till April	Prof. Pier Andrea Serra School of Medicine Department of Pharmacology	* Only PG in Medicine, Chemistry, Biological Sciences, Pharmacy or Biotechnology Sciences students may apply. * Language skills: A2 in Italian + B1 in English	Construction and characterization of sensor and biosensor for monitoring neurochemical molecules.
Medicine and Surgery	UNI 8	School of Medicine University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	Unit of Pharmacology Address: Viale San Pietro 43/b, 07100 SASSARI	03 months (extensible)	From September till December From February till April	Dott. Gaia Rocchitta School of Medicine Department of Pharmacology	* Only PG in Medicine, Chemistry, Biological Sciences, Pharmacy or Biotechnology Sciences students may apply. * Language skills: A2 in Italian + B1 in English	Characterization of nanostructured materials for the construction of transducers for sensors and biosensors for the monitoring of biological and nutraceutical molecules
Chemistry and Pharmacy	UNI 9	University of Sassari Address: Piazza università 21, 07100 Sassari www.uniss.it	Department of Pharmacy and Chemistry Address: Via Muroli 23/A, 07100 Sassari	3 months	From September till December From February till April	Prof. Gianpiro Boatto Department of Pharmacy and Chemistry Address: via Muroli 23/a, 07100 Sassari	* Only students in Master's level degree in Pharmaceutical Studies, or Pharmaceutical Chemistry and Technologies may apply. * Basic theoretical and practical knowledge of Pharmaceutical and Toxicological Chemistry is required, with particular reference to instrumental analytical techniques, such as GC/FID, GC/MS, HPLC/ESI-MS, HPLC/MS/MS, CE/ESI-MS. * Theoretical and practical knowledge of the methodologies for the extraction of drugs and metabolites from various biological matrices is required. * Language skills: B1 in Italian + B2 in English/Prof.	The internship is intended to provide more information about new analytical methodologies in the context of: - detection of residues of drugs of abuse and addictive and psychotropic substances, - chemical and enzymatic stability evaluation of prodrugs through the determination of residues of prodrugs, spacers e parent drugs.
Humanities and Social Sciences	UNI 11	University of Sassari Department of Humanities and Social Sciences Address: Via Roma 151, 07100 Sassari, Italy https://dumas.uniss.it/it	FOIST Laboratory for Social Policies and Training Processes Address: Piazza Conte di Moriana 8, 07100 Sassari, Italy http://www.foistlab.eu/ Email: foist@uniss.it	03 months (1st semester) 04 months (2nd semester)	From September till December (3 months) From March till June (4 months)	Prof. Stefano Chessa Department of Humanities and Social Sciences Address: Piazza Conte di Moriana 8, 07100 Sassari, Italy schessa@uniss.it	* Social worker with a higher education degree (any European system); Vocational educator; Researcher * Language skills: Knowledge of Italian language level B1 * Computer skills: Applications for Windows operating systems (Office)	Collaboration in social projects; partnerships with civil society organizations; research-action projects based on the needs of communities and individuals; collaborations with Italian and foreign universities and research centers.
Chemistry and Pharmacy	UNI 12	Department of Pharmacy and Chemistry Address: Via Vienna 2, 07100 Sassari N. di telefono: +39079 229535 Fax: +39079 229559 Email: zoroddu@uniss.it	3 months (extensible)	From September till December From February till April	Prof. Zoroddu Maria Antonietta Department of Pharmacy and Chemistry Address: Via Vienna 2, 07100 Sassari	Prof. Zoroddu Maria Antonietta Department of Pharmacy and Chemistry Address: Via Vienna 2, 07100 Sassari	* Applicants must possess one of the following titles: Master's level degree in Pharmaceutical Studies, or Pharmaceutical Chemistry and Technologies, or Chemistry. * Basic theoretical and practical knowledge of Inorganic and Bioinorganic Chemistry is required to perform the analysis of the interactions between metal molecules and molecules of biological interest. * Language skills: A2 in Italian + B1 in English	The training includes the synthesis and analysis (by means of different spectroscopic techniques) of organometallic compounds, consisting of metals and molecules of biological interest such as proteins, peptides and chelating agents, for the prevention and treatment of metal accumulation diseases. The trainee's duties will include the following activities: - Synthesis of metal complexes - Analysis of molecular mechanisms connected with the toxic and carcinogenic effects of metals. Characterization of metal complexes by means of spectroscopic techniques, such as NMR, EPR, and UV-Visible.
Chemistry and Pharmacy	UNI 16	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	Department of Chemistry and Pharmacy. Address: Via Vienna 2, 07100 Sassari	03 Months (extendible)	From September till December From February till April	Dr. Massimo Carraro, Department of Chemistry and Pharmacy. Address: Via Vienna 2, 07100 Sassari	* Candidates could be PhD students in Chemistry or Pharmacy, or could be students of Master Degree having a Bachelor Degree in Chemistry, Medicinal Chemistry or Pharmacy * Language skills: B1-B2 in English * To apply please send also the Transcript of Records	Green Chemistry: low impact methodologies in synthetic organic chemistry Simulation in nuclear magnetic resonance spectroscopy
Medicine and Surgery	UNI 19	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	Psychiatric Clinic Azienda Ospedaliera Universitaria (AOU) Address: Villaggio S. Camillo, 07100 Sassari Tel: +39 079228350 Mail: llorettu@uniss.it	3 months (extensible)	From September till December From February till April	Dott. Paolo Milla Psychiatric Clinic Azienda Ospedaliera Universitaria (AOU) Address: Villaggio S. Camillo, 07100 Sassari	* Only PG Medicine and Surgery students may apply. * Language skills: B1 in Italian + B1 in English	Administrative contact person: Mrs. Giannina Branca Recognition of major psychiatric disorders according to DSM IV TR Knowledge of the main topics of clinical psychiatrics and medical treatment of psychiatric disorders Participation in psycho educational program. Main tasks: - Take part in clinical interviews as a listener, knowledge of the main psychometric test to assess symptoms in psychiatric outpatients - Evaluate psychiatric outpatients with the supervision of an experienced psychiatrist - Regular assessment made by the tutor

Architecture and Urban Planning	UNI 20	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	Department of Architecture and Urban Planning Address: via Garibaldi, 35 07041 Alghero (SS) N. di telefono: +39 0799720415 Fax +39 0799720420 Mail architettura@uniss.it	6 months	From 1/2 September to June	Prof. Silvia Serrelli Department of Architecture and Urban Planning LEAP Laboratory (International Laboratory on environmental Planning) Address Piazza Duomo, 6 07041 Alghero (SS)	* Only Architecture and Urban Planning students may apply. * Language skills: B2 in Italian or English or Spanish * ICT skills: knowledge of digital graphic (i.e. Acrobat programmes and cad)	The trainee will cooperate in urban planning projects.
Languages	UNI 21 - CLA	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	University Language Centre via Roma, 151, Sassari http://hostweb3.ammin.uniss.it/php/d a.php	3 months	From September till December From February till July	Magda Sanna University Language centre administrative coordinator	* Only PG students enrolled on a course of Foreign Languages and Literature may apply. * Language skills: B2 in Italian + C1 in English * ICT skills: Working knowledge of basic software packages (Office)	The intern will support the CLA in the organisation and management of educational measures and projects (eg. language courses for outgoing students tutoring for incoming students, translation activities etc.).
Languages	UNI 22 - RELINT	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	International Relations Office - University of Sassari Address: Piazza Università, 11 07100, Sassari http://www.uniss.it/relint	03 months (extensible)	From September till December From February till April	Dott. Savio Regaglia - Head of the International Relations Office	* The student must be enrolled on one of the following courses: Communication, Political Sciences, Translations or similar. * Language skills: B1 in Italian + B2 in English * ICT skills: good knowledge of basic software packages and web communication experience (social digital network is a plus)	The intern will be involved in the management of international student mobility programmes with focus on communication, organization of incoming and outgoing mobility both for study and for placement, contacts with partner institutions. Additional activities will include institutional communication, promotion of international mobility opportunities offered by the University of Sassari, language support for information and translations, new partners search and development of new international cooperation projects.
Humanities and Social Sciences	UNI 24 - CDE	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it	European Documentation Centre - University Library System Viale Mancini, 1 - 07100 SASSARI	03 months (extensible)	From September till December From February till April	Dott.ssa Magda Sanna - Librarian Manager at the EDC Ph. 079228763 Library contact person: Dott.ssa Francesca Madrau	* Only Library, Archive and Information Science students may apply. * Language skills: B1 in English; B1 in Italian * ICT skills: Working knowledge of basic software packages (Office)	The intern will cooperate in the office/library activities. Main tasks will include: - get a deeper knowledge of the Italian EDC network and the University Library System main rules; - knowledge of differences within the Italian bibliographic material (books, journal, online publications); - Application of international standard bibliographic description and cataloguing rules; - Cooperation in searching online institutional publication for the University archive; - Regular assessment made by the tutor
Chemistry and Pharmacy	UNI 26	Dept. of Science for Nature and Environmental Resources - University of Sassari www.uniss.it	Herbarium of the University of Sassari, Via Piandanna 4 - 07100 Sassari	03 months (extensible)	From September till December From May till July	Prof. Rossella Filigheddu, Dept. of chemistry, via Piandanna 4 - 07100 Sassari.	* The student must be enrolled in one of the following bachelor or master courses: Biological Sciences, Natural Sciences or similar. * Language skills: B2 in English, Italian, French or Spanish * The student should have basic theoretical-practical knowledge in the fields of: General Botany, Systematic Botany and/or Scientific Museology. We acknowledge also documented experience at Herbaria of other international institutions.	Exsiccation of vascular plants samples collected on the field; determination of both fresh and dry material by using dicotomic keys; implementation of the Herbarium SS database, disinfection and cleaning of Herbarium exsiccata. Attending internal seminars lectured by local or visiting professors.
History	UNI 28	LaPARS - Laboratory of Prehistory and Experimental Archaeology, Department of History, Human Sciences and Education http://www.lapars.it/	via Zanfarino, 62 07100 Sassari	02 months (extensible)	From May till July	Prof. Fabio Pruneri pruneri@uniss.it Department of History, Human Sciences and Education	* Only PG and PhD students in prehistory and/or proto-history, may apply. * Language skills: B1 in Italian	Skill and competence to be acquired: knowledge about raw materials transformation (morphological, technological and functional analysis). Tasks: laboratorial activities, survey, archaeological excavation and experimental archeology activities, stages of prehistoric archeology and archaeozoology.
History	UNI 29	Department of History, Human Sciences and Education www.uniss.it	via Zanfarino, 62 viale Umberto, 52 07100 Sassari	02 months (extensible)	From May till September	Prof. Fabio Pruneri pruneri@uniss.it Department of History, Human Sciences and Education	* Only Archaeology and Science of Cultural Heritage students (Ug, Pg, PhD) may apply * Language skills: level B1 in Italian	Archaeological excavations conducted in prehistoric, punic and medieval sites.; laboratory activities; participation to conferences and seminars.
History	UNI 30	Laboratory RIPAM (Integrated Researches of Protohistory and Mediterranean Archaeometallurgy)- University of Sassari	Piazza Conte di Moriana 8, 07100 Sassari	3 months	From April till June	Prof.ssa Anna Depalmas, Department of Humanities and Social Sciences (DUMAS)	* Post-graduates and Doctoral students. * Basic knowledge in protohistorical archaeology and fieldwork (archaeological excavation, field survey, graphic surveying systems of monuments and drawing of materials). * Language skills: B1 in English; Italian is a plus * ICT skills: Knowledge of the main softwares for data processing and management (word, excel, access, photoshop, etc..).	Field surveys and archaeological excavation; graphic surveys of monuments and drawing of materials; support for the experimental archaeo-metallurgical activity, data base and digital processing of texts and drawings.
Communication Sciences	UNI 31	Università degli studi di Sassari www.uniss.it	Rectorate staff - General management staff -	03 months (extensible)	From September till July	Salvo Mura, Head of the Office	* Language skills: B1 in Italian + English and French are a plus * ICT skills: good knowledge of basic software packages (i.e. Office)	The program includes support for the administrative manager, relations with the European Union, Sardinia region, Visiting Professor
Humanities Sciences	UNI 32	University of Sassari University Library System - G. Olives Law Sciences Library www.uniss.it	Piazza Università 21 - 07100 Sassari	03 months (extensible)	From September till December From the middle of January till June	Dott.ssa Valeria Nicotra Director of the G. Olives Law Sciences Library - tel +39 079228893	* Only students enrolled on a librarianship and archivist course may apply. * Language skills: B1 in Italian + B1 in English or French or Spanish * ICT skills: good knowledge of basic software packages (i.e. Office) and web communication experience	The training is aimed at acquiring knowledge and expertise on the organisation and management of the library: planning and organising user services, knowledge of documents assets, digital services and law library-related front desk activities.
Chemistry and Pharmacy	UNI 33	University of Sassari - Piazza Università 21 - 07100 Sassari www.uniss.it	Department of Chemistry and Pharmacy. Address: Via F. Muroli 23/A, 07100 Sassari	3 Months (extensible)	Starting from September up until December, or from February up until May	Prof. Gabriele Murineddu, Department of Chemistry and Pharmacy. Address: Via F. Muroli 23/A, 07100 Sassari	* Students must be enrolled in one of the following master's level degree: Pharmaceutical Studies, or Pharmaceutical Chemistry and Technologies * Language skills: A2 in Italian + B1 in English * Theoretical and practical knowledge of: Organic, Heterocyclic and Medicinal Chemistry, and skill in main spectroscopic and analytical methods.	Synthesis and structure-activity relationships of novel heterocyclic compounds with potential biological activity
Medicine and Surgery	UNI 34	University of Sassari Piazza Università 21, 07100 www.uniss.it	Department of Surgical and Experimental Medical Sciences, Pharmacology v.le S Pietro 43/B Sassari	3 months (Can be extended)	From September till December From February till June	Dr Rossana Migheli School of Medicine	* Only students enrolled in Biological Sciences or Pharmacy may apply * Language skills: A2 in Italian + B1 in English * ICT skills: good knowledge of basic software packages (i.e. Office) * Basic knowledge of laboratory activities	The trainee will take part in studies focused on the antioxidant activity of nutraceuticals on neuronal and/or epithelial cells.
Veterinary	UNI 35	Department of Veterinary Medicine www.veterinaria.uniss.it www.ospedaleveterinario.uniss.it University of Sassari: www.uniss.it	Via Vienna, 2 - 07100 Sassari (ITALIA)	From 1 to 9 months	From September to August	Lucia Manunta, Director of the Veterinary Teaching Hospital	* Students must be enrolled in their third or 4th year OR students graduated in Veterinary Medicine may apply * Language skills: A2 in Italian + B1 in English	The trainee will cooperate in all activities daily carried out at the Veterinary Teaching Hospital. The traineeship will be equally divided among internal medicine, surgery, critical care, emergency medicine, organized in both day and night shift.

Medicine and Surgery	UNI 36	University of Sassari Piazza Università 21, 07100 www.uniss.it	School of Medicine, Department of Clinical and Experimental Medicine - Internal Medicine / Endocrinology	three months	From September till November	Prof. Giuseppe Fanculli School of Medicine	* Only Medicine students with the following knowledge may apply: basic knowledge of General Endocrinology * Language skills: B1 in Italian or in English	Neuroendocrine Tumours; Pituitary Diseases. Case discussion in MDT (Multi Disciplinary Team)
Medicine and Surgery	UNI 37	University of Sassari Piazza Università 21, 07100 www.uniss.it	School of Medicine Department of Surgery, Microsurgery and Medicine Sciences	three months	From October till December From February till April From March till May	Prof. Gianfranco Meloni School of Medicine	* Only Medicine students may apply * Language skills: B1 in Italian or in English or French or Spanish * Basic knowledge of type 1 diabetes and celiac disease	Diagnosis and follow up of pediatric and adolescent patients with type 1 diabetes and celiac disease.
Agricultural Sciences	UNI 38 - NRD	University of Sassari _Address: Piazza Università 21, 07100 Sassari www.uniss.it	Desertification Research Centre _Address: viale Italia 39 07100 Sassari http://www.uniss.it/php/nrd.php	3 months (extensible)	From September till December From February till June	Prof Luciano Gutierrez Desertification Research Centre Department of Agriculture	* Only PG Agricultural Science. Economics may apply. * Language proficiency: B2 language level in English; * ICT skills: Windows OS applications (Microsoft Office package)	The internship activities will include: cooperation in the framework of the project FLOWERED, project monitoring activities, database and data-entry, editing technical economics reports.
Agricultural Sciences	UNI 39 - NRD	University of Sassari Address: Piazza Università 21, 07100 Sassari www.uniss.it/University of Sassari	Desertification Research Centre Address: viale Italia 39 07100 Sassari http://www.uniss.it/php/nrd.php	3 months (extensible)	From September till December From February till June	Prof Luciano Gutierrez Desertification Research Centre	* Only PhD students with a Master Degree in Agricultural Sciences or Environmental Science may apply * Language skills: B2 level in Italian or in English or Spanish * ICT skills: Windows OS applications (Microsoft Office package) * Basic knowledge of soil science and botany are required	The internship will provide a deeper knowledge on Mediterranean agro forestry systems with reference to the pasture productivity and Carbon soil dynamic.
Chemistry and Pharmacy	UNI 41	University of Sassari Address: Piazza Università 21, 07100 Sassari	Drugsotres authorized by the Pharmacist's Association: http://dcf.uniss.it/ws.phpmod=papers &artid=2	Min. 2, Max. 4 months	All year (to be agreed with the Pharmacy owner)	The institutional tutor will be the Pharmacy owner	* PG students in Pharmacy or UG students attending the last year of a Pharmacy course may apply * Language skills: B2/C1 in Italian	Lo studente The trainee will be involved in the practical activities usually carried out in a Pharmacy. For more information: http://dcf.uniss.it/ws.phpmod=papers&artid=2
Medicine and Surgery	UNI 42	University of Sassari _Address: Piazza Università 21, 07100 Sassari www.uniss.it	Department of Surgery, Microsurgery and Medicine Sciences,	3 months	From October till December From February till April From March till May	Prof. Andrea Fabio Manunta School of Medicine	* Only Medicine students may apply * Language skills: B2 in Italian or English or French or Spanish * Basic knowledge of rehabilitation in patients affect by disease of joint like hip, knee, shouder, spine.	Clinical evaluation and follow up of patients with hip, knee, spine and shoulder disease.
Communication Sciences	UNI 44	University of Sassari _Address: Piazza Università 21, 07100 Sassari www.uniss.it	Press Office Piazza Università 21, 07100 Sassari www.uniss.it	3 months (extensible)	From September till December (3months + 1 ex. month) From January till April (3months + 1 ex. month) From May till July (3months)	Valentina Guido - Press Agent of the University of Sassari	* The student must be enrolled on one of the following courses: Communication Science, Journalism * Language skills: B1 level in Italian (spoken and written), English is a plus * ICT skills: good knowledge of basic software packages (i.e. Office) and web communication experience	Main tasks will include: Working on the daily press review; collaboration in editing press releases regarding the university activities; collaboration in the organization of press conferences; social media editing, social media management, web editing.
Architecture and Urban Planning	UNI 45	Department of Architecture, Design and Urban Planning University of Sassari www.uniss.it	Piazza Duomo,6 07041 Alghero (SS) Phone: +39 0799720415 Fax +39 0799720420 Mail faiferri@uniss.it	2 months (extensible till 6 months)	From September till June	Prof. Massimo Faiferri Dept. of Architecture, Design and Urban Planning ECOURBANLAB Indirizzo: Asilo Sella 07041 Alghero (SS)	* Students must be enrolled in one of the following courses: any level in Architecture and Urban Planning; Master programme in Architecture * Language skills: level B2 in Italian or English or Spanish or Portugese * The student must show a special interest in and/or competences for urban space planning with focus on social housing and welfare spaces as well as innovative learning environments and school buildings * ICT skills: Digital graphic programmes; Windows (PC) and/or OS (Mac), Microsoft Office package, Autodesk AutoCAD, Adobe Photoshop, Adobe Illustrator, Adobe Indesign * ICT skills: Minimum knowledge of: Autodesk 3ds Max, Rhino3d and management of website	The traineeship consists of the participation in laboratory activities for projects, research and scientific promotion. And/Or in planning, organising and preparation of graphics for the website and other machinery of Ecurbanlab.
Humanities and Social Sciences	UNI 46 - Orientation/Job Placement	Università degli studi di Sassari - Piazza Università 21 - 07100 Sassari www.uniss.it	Ufficio Orientamento e Job Placement via Arborea 40b 07100 Sassari	2 months (extensible till 6 months)	From September till July	Dr. Giovanni Battista Sechi _Head of the Job Placement and Orientation Office glsechi@uniss.it	* Students enrolled on a humanities UG/Pg Course may apply * Language skills: level B2 in Italian + B2 in English * Good communicative and relational qualities required * ICT skills: good knowledge of basic software packages (i.e. Office) and web communication experience	The trainee will collaborate in carrying out the activities of the orientation office : - desk activities for Italian and foreign students; - organisation of cultural events; - support activities in the management of administrative practices.
Architecture and Urban Planning	UNI 47	Department of architecture and urbanistica design Address: Via Piandanna 4, 07100 Sassari	Università degli Studi di Sassari. Address : Piazza Università 21, 07100 Sassari	3 months (extensible)	From September till December From February till May	Prof. Vincenzo Pascucci; Department of Architecture, Design and Urban Planning University of Sassari	* Students enrolled in Earth Sciences or Geology (preferably Master degree) may apply * Language skills: level B2 in English * Competences in Sedimentology, Quaternary Geology and absolute age dating * ICT skills: good knowledge of basic software packages (i.e. Office) and web communication experience	Absolute age dating with luminescence on quartz (OSL) and feldspar (postIR)
Chemistry and Pharmacy	UNI 49	University of Sassari _Address: Piazza Università 21, 07100 Sassari	Department of Chemistry and Pharmacy Address: Via Vienna 2, 07100 Sassari	3 months (extensible)	From September till December From February till May	Dr Nadia Spano Department of Chemistry and Pharmacy Address: Via Vienna 2, 07100 Sassari	* Only PhD students in Chemistry, or could be students of Master Degree having a Bachelor Degree in Chemistry may apply. * Language proficiency: B2-B1 level in English;	Development, validation and application of chromatographic, potentiometric and spectrophotometric methods for the qualitative and quantitative analysis of different analytes in real samples.
Economics	UNI 50	University of Sassari _Address: Piazza Università 21, 07100 Sassari	Piano Resaerch, technology transfer and third mission area - Funzione Public Engagement Viale San Pietro 43/B 3*	3 months (extensible)	From September till June	Giuseppe Demuro, Public Engagement Officer	* The candidate should be a student in Economics, Politics or Communication * Language proficiency: B1 level in English * ICT skills: Microsoft Office or similar softwares; use of Internet browsers * Interests: Social development, Social engagement, Communication and dissemination	The candidate will be involved in all the main activities of the area. Specially in monitoring Public Engagement initiatives of UNISS, in research and analysis of international fundings and networking opportunities and in dissemination reports drafting.
Veterinary	AGRIS 1	Agris Agenzia di Ricerca in Agricoltura (Agriculture Research Agency) http://www.sardegnaagricoltura.it/in novazione/cerca/agris/	Loc. Bonassai 07040 Olmedo Sassari	From 1 to 9 months	From September till August	Dott. Sandro Delogu - Dott. ssa Marilla Gallus	* Veterinary students in their 3rd or 4th year and students graduated in Veterinary Medicine * Language skills: B2 level in English and/or Italian	The trainee will cooperate in all activities of research carried out in Agris, likewise all activities concerning reproduction of sheep , training rams to ejaculation in the artificial vagina, semen collection , evaluation of its fertilizing capacity, manipulation of semen with the technique of fresh and frozen storage.

Veterinary	AGRIS 2	Agris Agenzia di Ricerca in Agricoltura (Agricoltura Research Agency) http://www.sardegnaagricoltura.it/in/novazionericca/agris/	Loc. Bonassai 07040 Olmedo Sassari	From 1 till 9 months	From September till August	Dott. Sandro Delogu - Dott. ssa Maria Sitzia	* Vet and agronomist students in their 3rd or 4th year, and students graduated in Veterinary Medicine, Agronomy and livestock production science * Language skills: B2 level in English and/or Italian	The trainee will cooperate in all activities of research carried out in Agris, like forage species evaluation, forage system setup, milk and meat farming system, grazing management
Veterinary	AGRIS 3	Agris Agenzia di Ricerca in Agricoltura (Agricoltura Research Agency) http://www.sardegnaagricoltura.it/in/novazionericca/agris/	Loc. Bonassai 07040 Olmedo Sassari	From 1 to 9 months	From September till August	Dott. Sandro Delogu - Dott. Giovanni Molle	* Veterinary students in their 3rd or 4th year and students graduated in Veterinary Medicine * Language skills: B2 level in English and/or Italian	The trainee will cooperate in all activities of research carried out in Agris, likewise grazing sheep behaviour, nutrition, feeding evaluation and animal metabolism
Veterinary	AGRIS 4	Agris Agenzia di Ricerca in Agricoltura (Agricoltura Research Agency) http://www.sardegnaagricoltura.it/in/novazionericca/agris/	Loc. Bonassai 07040 Olmedo Sassari	From 1 to 9 months	Da September till August	Dott. Sandro Delogu - Dott. Antonello Carta	* Veterinary students in their 3rd or 4th year and students graduated in Veterinary Medicine * Language skills: B2 level in English and/or Italian	The trainee will cooperate in all activities of research carried out in Agris, likewise estimation of breeding values for production, functional and health traits; statistical analysis of molecular data; study of association between Dna polymorphisms and traits of economic importance
Agricultural Sciences	CNR 1	Consiglio Nazionale delle Ricerche - Istituto per la BioEconomia - CNR IBE	Traversa La Crucca 3 - 07100 Sassari	3 months (extensible)	From March till May	Dr. Grazia Pellizzaro CNR IBE Punto di contatto CNR: Dr. Pierpaolo Duce CNR IBE	*Only PG Agricultural or Forest or Environmental or Engineering Sciences may apply. * Language skills: B2 in English. * ICT skills: Ability to evaluate information from e-sources and select the most relevant information to use for a specific communicative purpose. Skill to create information products that show evidence of planning and technical competence, to use software features to reshape and present information graphically consistent with presentation conventions, to use available software features to enhance the appearance of information products.	The internship activities will include: cooperation in the study of forest formations, vegetation characterization also through the use of terrestrial laser scanners (LIDAR 3D), vegetation sampling, input/output management, drafting of technical documents.
Agricultural Sciences	CNR 2	Consiglio Nazionale delle Ricerche - Istituto per la BioEconomia - CNR IBE	Traversa La Crucca 3 - 07100 Sassari	3 months (extensible)	From March till May	Dr. Annalisa Canu CNR IBE Punto di contatto CNR: Dr. Pierpaolo Duce CNR IBE	*Only PG Agricultural or Forestry or Environmental Sciences may apply. * Language skills: B2 in English. * ICT skills: Ability to evaluate information from e-sources and select the most relevant information to use for a specific communicative purpose. Skill to create information products that show evidence of planning and technical competence, to use software features to reshape and present information graphically consistent with presentation conventions, to use available software features to enhance the appearance of information products.	The internship activities will include: cooperation in the framework of monitoring of soil erosion processes in agricultural and natural environment input/output data handling, and editing technical documentation.
Agricultural Sciences	CNR 3	Consiglio Nazionale delle Ricerche - Istituto per la BioEconomia - CNR IBE	Traversa La Crucca 3 - 07100 Sassari	3 months (extensible)	From March till May	Dr. Carla Cesaraccio CNR IBE Punto di contatto CNR: Dr. Pierpaolo Duce CNR IBE	*Only PG Agricultural or Forestry or Environmental or Engineering Sciences may apply * Language skills: B2 in English. * ICT skills: Ability to evaluate information from e-sources and select the most relevant information to use for a specific communicative purpose. Skill to create information products that show evidence of planning and technical competence, to use software features to reshape and present information graphically consistent with presentation conventions, to use available software features to enhance the appearance of information products.	The internship activities will include: collaboration in research projects concerning the use of drones and precision agriculture, with particular reference to the interpretation of data collected with multispectral sensors and in the visible band; drafting of technical and scientific documents, presentation of the results.

Francesco Spanedda (Vector17) Indirizzo: Via Cavour 65, 07100 Sassari (SS)	*Applicants should be enrolled in a School of Architecture; *Language skills: B2/C1 level in Italian or English or Spanish or German *ICT skills: CAD applications: Autocad, Archicad (preferred). *Knowledge of the following programmes is also appreciated: Blender and Photoshop.	The aim of the internship is the development of practical knowledge in the field of architectural and urban design. The internship provides experience in the different steps of architectural design from inception to completion, as well communication of the design activity. We are currently engaged in: - Competition entries on housing and urban design; - Concept development of public buildings; - Working drawings; - Publications of the office's design activity in printed and electronic media. The intern's role will be to help the senior architects in the different phases, working on drawings, architectural visualisation, and real models.
Architecture	TaMaLaCà	Department of Architecture, Design and Urban Planning - University of Sassari Palazzo del Pou Salit - Piazza Duomo 6, 07041 Alghero (SS). Headquarter: c/o L'ultimo Spettacolo, Corso Trinità 161 - 07100 Sassari (SS). www.tamalaca.com	TaMaLaCà –TuttaMiaLaCittà, a Research and Action Group, Innovative Start-up and Spin-off of Department of Architecture, Design and Urban Planning of the University of Sassari, is a multidisciplinary group of researchers and practitioners who, since 2005, is conceiving and carrying out a number of tactical extra-small policies and projects, aimed at promoting quality of urban life of disadvantaged group of inhabitants, with the support of municipalities, and through citizens' engagement processes. Palazzo del Pou Salit - Piazza Duomo, 6 07041 Alghero (SS)	03 (or more) months	From September till August	Ing. Valentina Talu TaMaLaCà ~TuttaMiaLaCittà CEO.	*School / University origin: Communication and Media, Fine Arts, Architecture and Urban Planning *The candidate must demonstrate that has sensibility and expertise in the design, development and management of projects related to the field of unconventional communication, sensitive languages, towards inclusion and involvement oriented processes and projects. School / University origin: Communication and Media, Fine Arts, Architecture and Urban Planning *Creative thinking which requires a curious, open-minded, flexible, divergent, explorative, investigative approach; Critical thinking which requires questioning, clarifying, planning, analyzing, examining and testing information and ideas; *Reflective thinking which requires a metacognitive approach, seeking and considering feedback, reflecting on progress and processes, making links and connections with broader issues and the work of others. *Language skills: English: B1 level; Italian: B1 level. *ICT skills: Microsoft Office, Photoshop/ Corel draw, Illustrator, Indesign, After effects, Premiere. Resources include: computers; printers; web access; a range of software tools including applications to support the creation and manipulation of text, graphics and images; and input devices such as scanner, digital camera and tablet	Participation in all stages of Tamalacà activities, like observation and urban microtransformation, but also in order to create a collective and educational awareness moment and put in touch of know-how and insurgent creativity to push the different participants, through some playful-participatory actions, to redesign/recover and multiply/increase public spaces-prêt-à-porter and an opportunity to become involved in civic, social and cultural transformation, according to these 5 macro areas: 1. Urban Regeneration: Creation, design and accompanying of policies, plans and urban regeneration projects in disadvantaged neighborhoods based on the promotion of active processes of inclusion and social innovation. 2. Play and participation: Creation of games, events and stories for the cities and territories playful learning; co-creation of inclusive decision-making paths and training with unconventional methods and tools, related with particularly relevant or conflicting urban issues and problems. 3. Tactical urbanism: design of scalable, short-term and low-cost, actions aimed at producing long-term transformations. 4. Inclusive design: Design of methods and tools for the involvement of human diversity in the design process, based on the Design for All principles, with particular attention to public services and to sensitive areas, and at the neighborhood level (streets, parks and green space, schools, canteens, libraries, entertainment and game centers and rooms, museums, etc.). 5. Unconventional urban communication: creation, design and implementation of inclusive, innovative and viral urban communication campaigns. Participation in training seminars and workshop and in Tamalacà research and laboratories, with the methodology that we used to complete our projects as a "team work", understood as a set of individuals with singular expertise, experience, creativity and sensitivity that are compared critically in order to find solutions that are actually transdisciplinary and consider the original problems in their real complexity. Regular assessment of progresses made by the tutor.
